

UN Ocean Decade Predicted Oceans Satellite Activity
By the US National Ocean Mapping, Exploration, and Characterization (NOMECE) Council:

Mapping, Exploring, and Characterizing US Waters

September 17, 11 am - 12 pm ET (5 pm - 6 pm CEST)

Join high-level representatives and speakers in a discussion of how an ambitious initiative to map, explore, and characterize US waters will advance ocean-based climate solutions and tie into international programs like the Nippon Foundation-GEBCO Seabed 2030 Project. This event includes a live Q&A.

Join the virtual event [here](#). Questions? Contact nomec.execsec@noaa.gov

Featuring:

John F. Kerry

Special Presidential Envoy for Climate
White House Executive Office of the President

Jane Lubchenco, Ph.D.

Deputy Director for Climate and Environment
White House Office of Science and Technology Policy

Vicki Ferrini, Ph.D.

Head of the Regional Center for the Atlantic and Indian Oceans for Seabed 2030
Senior Research Scientist
Columbia University's Lamont-Doherty Earth Observatory

Amanda Netburn, Ph.D.

NOMECE Council Executive Director
Ocean Policy Analyst
White House Office of Science and Technology Policy

Ashley Chappell, M.Sc.

NOMECE Council Co-Chair
Coordinator, Integrated Ocean and Coastal Mapping
National Oceanic and Atmospheric Administration

John Haines, Ph.D.

NOMECE Council Co-Chair
Program Coordinator, Coastal/Marine Hazards & Resources Program
United States Geological Survey

Genee Fisher, Ph.D.

NOMECE Council Co-Chair
Acting Director, NOAA Ocean Exploration
National Oceanic and Atmospheric Administration
